Meet the Colony

Use this handy guide to identify who’s who in Lincoln Park Zoo’s African penguin colony.

Mandela
Sex: Male
Band color: green
Hatched: January 8, 2015
Character: The colony’s best swimmer, Mandela especially loves to play in the pool. A potential pair with Madiba.

Phil
Sex: Male
Band color: yellow and orange
Hatched: May 8, 2015
Character: Phil is friendly, loves the spotlight and is often the star of Malott Family Penguin Encounters.

Pilchard
Sex: Male
Band color: purple
Hatched: May 13, 2015
Character: His favorite food is sardines. “Pilchard the pilferer” often steals food from other colony mates’ mouths!

Preston
Sex: Male
Band color: white
Hatched: August 17, 2008
Character: Preston has a history of being the dominant penguin of the whole colony. Paired with Robben.

Robben
Sex: Female
Band color: gray
Hatched: July 21, 2008
Character: Quiet and kind, Robben is paired with Preston.

Sunny
Sex: Female
Band color: pink
Hatched: March 29, 2006
Character: Sunny only eats silverside fish – unless she has the chance to steal food from a colony mate.

TJ
Sex: Male
Band color: black
Hatched: September 20, 2008
Character: Preston’s right-hand man, TJ is large in size and always has the dominant penguin’s back.
