GET INSPIRED

Committed to Care

Lincoln Park Zoo’s animals receive the best care, from exciting daily enrichment to check-ups from expert veterinarians. Immersive habitats encourage natural behaviors while educating visitors about life in the wild.

Saving Species Around the World

Lincoln Park Zoo leads the way in conservation. From the grasslands of the Serengeti to Chicago’s backyard, our scientists have dozens of projects benefiting the species we love.

Travel to the field with zoo scientists at lpzoo.org/conservation-science.

Community Events with a Heart

From Wine & Wildlife lectures to the brilliance of ZooLights Presented By ComEd and PowerShares QQQ By Invesco, special events satisfy all audiences and help support the zoo’s care and conservation efforts.

HOST YOUR EVENT AT THE ZOO

Lincoln Park Zoo is the perfect place to host your next family gathering, corporate event or wedding. We will provide all the planning, from the food to a fun, private setting.

Call 312-742-2400 for more information.

As you walk around the zoo you might see people observing animals and entering data into iPads. They are using ZooMonitor, an app developed by Lincoln Park Zoo that enables users to record and analyze animal behavior.

ZooMonitor supplies animal care experts and researchers important information about things like habitat use and social interaction, data we then use to better understand the internal well-being of an animal—its welfare—and provide the best possible care for each individual animal.

Lincoln Park Zoo has made ZooMonitor available for free to AZA-accredited and other qualifying institutions, and it currently is being used by wildlife organizations around the world. ZooMonitor is made possible through a grant by the Institute of Museum and Library Services.

This is just one way zoo scientists study animals in our care and around the world! Learn more at lpzoo.org/conservation-science.
