## **AZA Grants Prestigious Accreditation to Lincoln Park Zoo**

**Silver Spring, Maryland (September 19, 2017)** – The Association of Zoos & Aquariums (AZA) today announced that Lincoln Park Zoo was granted accreditation by AZA’s independent Accreditation Commission.

“AZA accreditation signifies that Lincoln Park Zoo is committed to meeting the very highest standards in the zoological profession,” said AZA President and CEO Dan Ashe. “It means that Lincoln Park Zoo is a proven leader in animal care and welfare and in providing educational and meaningful experiences for visitors.”

To be accredited, Lincoln Park Zoo underwent a thorough review to make certain it has and will continue to meet ever-rising standards in categories which include animal care and welfare, veterinary programs, conservation, education, and safety. AZA requires zoos and aquariums to successfully complete this rigorous accreditation process every five years in order to be members of the Association.

The accreditation process includes a detailed application and a meticulous on-site inspection by a team of trained zoo and aquarium professionals. The inspecting team observes all aspects of the institution’s operation, including animal care and welfare; keeper training; safety for visitors, staff and animals; educational programs; conservation efforts; veterinary programs; financial stability; risk management; visitor services; and more. Finally, top officials are interviewed at a formal hearing of AZA’s independent Accreditation Commission, after which accreditation is granted, tabled, or denied. Any institution that is denied may reapply one year after the Commission’s decision is made.
