

# Puzzles for Gorillas

Did you know that gorillas like to solve puzzles? Scientists at Lincoln Park Zoo give puzzles to the gorillas to learn more about them.

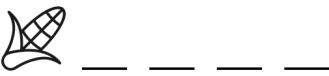

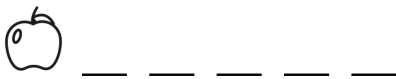

Have you been to Lincoln Park Zoo before? If you have, you might have seen the gorillas solving puzzles. If the gorilla solves the puzzle, they earn a food treat, like a juicy blueberry. If the gorilla doesn't solve the puzzle, that's okay! They can try again later.

Scientists and zookeepers learn a lot about gorillas from these puzzles, like which food is their favorite. This helps make the gorillas' home at the zoo even better. The puzzles are also fun for the gorillas! Do you like to solve puzzles?
