Zoo Investigations

The Itchy, Scratchy
Polar Bear
(pre-program narrative)

This is a polar bear. What do you notice about them?

This is where polar bears live. What do you think it feels like there?

© Bj Kirschhoffer / polarbearsinternational.org

Here is another polar bear. What do you observe him doing?

Here is a polar bear paw. It helps them stay warm, walk on the ice, and swim in cold water.

Meet Siku (see-koo)

- Male polar bear
- Born in 2009 at Toledo Zoo.
- Lives at Lincoln Park Zoo since 2016.
- You will be learning about him with Lincoln Park Zoo on a virtual field trip.

Meet Siku (see-koo)

- You will learn more about how the zoo cares for Siku. Lincoln Park Zoo cares for him by providing the proper medical care and diet for him.
- What questions do you have for the zoo about Siku?

Meet the Educators

- Matt, Rosie, Nicole, Shauna, and Bill work for Lincoln Park Zoo. They will investigate polar bears with you. They want to answer all your questions.

Matt

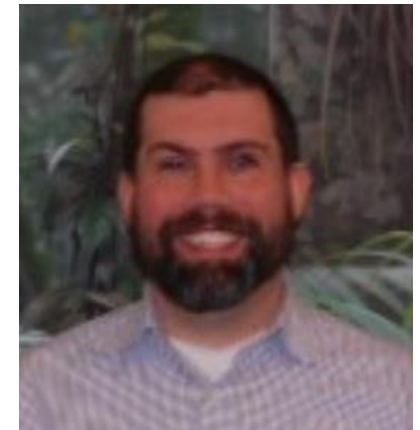

Rosie

Nicole

Shauna

Bill

Thank you!
